

Accommodation Suppliers Group 2015 Catalogue

Protect your investment with Australia's BEST Relief Management Personnel

Australian Relief Management (ARM) has fast become the premier network and supplier of relief accommodation managers throughout Australia. With our training systems tried and tested in all aspects of accommodation relief including reservation software training, reception, food & beverage operations, housekeeping, laundry duties and government licenses and regulations.

Unlike most other business's supplying relief staff, ARM is not a paid listing website. We know the quality of our relief managers because we train and recruit them at our National Training Motel to ensure we offer our clients a consistent and professional relief solution.

Hospitality TV without the STB

Tripleplay

Our IPTV solutions are implemented in many of the world's leading hotel brands, boutique hotels and guest houses. Working with or without a set top box (STB) and with BYOD/BYOC capability we bring the home entertainment experience into the hotel environment.

As well as IPTV and Video on Demand provision, our server based solutions also enable the distribution of digital signage through the same management platform; creating a true, single digital media platform. Contact us today for a consultation or demonstration.

earththerapy™

CLEANSE YOUR CONSCIENCE

You don't have to have wings and a halo to care. But you do have to make a conscience decision to do the right thing. This is how Earththerapy was born. It was mindfully created to minimise the impact hotel amenities have on the environment. The collection features Environmentally Responsible Packaging and biodegradable ingredients, recycled paper and soy-based inks.

It is also paraben free to minimise skin irritations. And the moisturising body lotion is enriched with Grapeseed Oil, Organic Aloe Vera extract and Vitamin E to smooth and hydrate the skin. As with all Concept Amenity collections, this product is not tested on animals. Contact Concept Amenities today and choose sustainable bathroom amenities. It's the right thing to do.

Keep it simple. Free WiFi? Or User Pay WiFi? You choose.

At Internet Now, we try to keep it simple, yet reliable.

Take the hassle out of providing WiFi for your guests with our fully managed and supported solutions with a 24/7 helpdesk.

You can earn extra revenue with the User Pays Solution where we share the revenue with you.

Or choose a free WiFi solution where you control how much data or time your guests have on the WiFi.

Every one of our customised solutions are fully managed and supported.

We also have experts on our team for all kinds of internet and WiFi solutions with years of experience specialising in accommodation solutions.

We keep it simple, like this ad.

PROVIDING SOLUTIONS TO HOTELS IN MORE THAN 30 COUNTRIES

HOW MUCH DOES YOUR NEW HOTEL TELEPHONE SYSTEM COST?

Do you realize how much money you can save by using a standard business telephone system in combination with the PhoneControl PhoneManager?

BE AMAZED BY THE MANAGEMENT FEATURES

Varying from profit reporting to streamlining the room cleaning process; available features not only enhance the quality of your phone services but also improve operational efficiency.

TECHNOLOGY YOU CAN TRUST

Technology should be transparent. It should just work. All the time. The PhoneManager is so dependable and seamless, you will forget it's there.

OR MOVE YOUR TELEPHONE SERVICES TO THE CLOUD...

Save even more; with Australia's first cloud-based VOIP solution for hotels – powered by BroadSoft – you no longer need a telephone system in your hotel.

SELF-MANAGE YOUR TELEPHONE SERVICES

All PhoneManager features can be monitored and managed via an intuitive web-interface; a PABX technician is no longer required to update your phone services.
